

ACADEMIC ACHIEVEMENT IN 2016

What a year!

The 2015 squad set the bar high when a record high 28 varsity players made the Football Honor Roll (90% GPA or higher for the marking period OR 10% improvement from the previous marking period). But the 2016 Rams set the bar even higher with a record 31 varsity players earning honor roll status! 50% of the players who suited up Friday nights were either “A” students or had vastly improved from the 4th marking period last year.

We also had many other varsity players earn a “B” average during the 2016 football season. In fact, nearly $\frac{3}{4}$ of our varsity team earned a “B” average or higher for the 1st marking period.

Because of this level of academic achievement, we will see many of our seniors moving on to college and, in some cases, playing college football.

Congratulations to all the CD Rams who performed so well in school this season!

Below is a list of the varsity players who made the Football Honor Roll this past season:
