

QUEST FOR 500

The Community Connections Program, established in 2006, is nearing a huge milestone. In the past 12 years, the Rams have participated in 957 community service events. That means we are only 43 events away from hitting 500. Let's Hit 500!

In June, 2017, the Rams did achieve an important milestone. While helping to improve a local playground, we surpassed 10,000 total hours of community service. Congratulations to all the Rams past and present who made this milestone possible.
