## 1997 CD Football Season

---

The 1997 Rams, under their new skipper, Coach George Chaump, enjoyed one of the most successful and memorable seasons in school history. Although CD had only been to the playoffs once in its school history prior to that season, the 1997 Rams set their sights high as they entered the postseason, winning the district championship in convincing fashion and advancing all the way to the state semifinals, something that had never been done by any other Rams team. Along the way, they put Central Dauphin football back on the map and set the stage for great success on the gridiron in years to come.
